>Author's note: Okay, this is a crossover. I DON'T OWN ANY CHARACTERS IN THIS FIC! Please Review.

>"Die Potter!" Voldemort screamed.

>"Go Pops!" His son, Scott cheered.
Harry's seven years of Hogwarts flashed before his eyes. Suddenly, out of

>nowhere, Harry heard a girl shout. "Mars Fire Ignite!" A beam of fire pelted
Scott and Voldemort, and knocked them down. A girl in a red outfit appeared.

>
"Hi! You're Harry, right? I'm Sailor Mars, champion of ju-"

>
"Hey! That's my line!" Another girl appeared.

>
"What are those on your head? They look like meatballs."

>
"They're not meatballs, Harry. Anyways-"

>
"Whatever, Meatball head."

>
"Mars!"

>
"Who are you?" Scott demanded, getting up.

>
"I am Sailor Moon, the Champion of justice. I will right wrongs and triumph

>over Negaverse trash like you! On behalf of the moon, I shall punish you!"
Scott and Voldemort raided their wands, poised to kill.

>
"Mercury Aqua Illusion!" Voldemort and Scott were down again.

>
"Hi Harry! I'm Sailor Mercury. Let me analyze how Melvin and Molly are

>doing."

>"Melvin and Molly? I only see Scott and Voldemort!"

>"The taller one was our friend Molly," Sailor Moon said, pointing to
>Voldemort. "And he was our friend Melvin." Mercury finished, pointing to
>Scott. Molly and Melvin (a.k.a. Voldemort and Scott) were getting up, ready
>for another attack.
>"Jupiter Thunder Crush!" A thick beam of electricity hit Melvin, and he
>fainted. "Hey you guys! I'm Sailor Jupiter."
>"Molly is getting weaker, and Melvin is out cold. We'll have a while."
>Mercury stated. While nobody was paying attention, Molly got up, muttered a
>spell, and a green light was headed toward Harry's back when a rose cut
>through the air, stopping the spell.
>"NOOOO!" Molly screamed. He (or she) fainted.
>"I thought I'd join the Party. Luna told me that you guys might be needing
>me here."
>"Tuxedo Mask!" Sailor Moon shouted as she hugged him. "Where's Artemus and
>Luna?"
>"Venus Love Chain Encircle!" Melvin and Molly were knocked unconscious
>again. "Hey you guys. Ready for some action? Artemus told me what to do. Hi
>Harry! I'm Sailor Venus. You know, the Sailor Senshi to take care of Princess
>Serenity?"
>"Oh yeah! We learned about that in Astronomy. Where's Princess Serenity and
>Prince Darien?"
>"They'll be coming, Harry," said Sailor Venus. "Artemus, my cat, told me that the
>creator and supreme ruler of the whole Negaverse is here along with his wife."
>"Melvin and Molly married? I knew that would happen!" Sailor Moon said,
>jumping up and down.
>"Negaverse? You mean Dark Arts, right?"
>"What are you talking about, Harry? You are Prince Harry of the Moon Kingdom
>during the Silver Millennium in your past life, Princess Serenity's younger brother."
>"Nnnnaannnniii? Im Princess Serenity's Brother? Please tell me this is all a
>spell Voldemort put on me to try to torture me. There is no such thing as the Sailor Senshi,
>there's no such thing as the Sailor Senshi, there's no such thing...."
>"I can not believe you didn't know that." said Tuxedo Mask.

>Suddenly, two cats with crescent moons on their heads appeared.

>"Harry! Quick! Shout out, Uranus Planet Power!" said the cat named Luna.
>"Um, okay.... Uranus Planet Power!"
>Harry was Sailor Uranus!
>"Now you're Sailor Uranus!" said the other cat, Artemus. "Now, say Uranus World
>Shaking!"
>"Uranus World Shaking!" Molly (Lord Voldemort) and Melvin (Scott) were stuck in a yellow beam of
>light.
>"Hurry Artemus! Get Mini Moon, Sailor Pluto, and Sailor Neptune!"

Artemus went
to
>carry out Lunas orders. Within a few minutes, a girl who looked a lot like
Ginny Weasley
>appeared with another who looked a lot like Hermione Granger, and the third
one hid in
>the shadows. Harry got a glimpse of dreadlocks.

>"Harry? You're a member of the Sailor Senshi? I thought it was just Ginny, Lee,
and me
>here at Hogwarts."

>"Lee iJORDAN!i So that's who Sailor Pluto is!"
>
"Mrs. Norris told me that there was another Sailor Scout here, Hermione," Ginny
>said.
"She wouldn't tell me who it was though. She said Luna and Artemus would take
>care of
it."
>
"Okay you guys," said Mrs. Norris, coming in the room. Molly and Melvin were
>still out
cold from the world shaking. "We need to do the Sailor Planet Attack, and
>fast!"
"Ready?" asked Sailor Moon.
>
They all held hands.
>
"Mars Star Power!"
>
"Venus Star Power!"
>
"Mercury Star Power!"
>
"Jupiter Star Power!"
>
"Uranus Star Power!"
>
"Neptune Star Power!"
>
"Pluto Star Power!"
>
"Mini Moon Power!"
>
"Moon Cosmic Power!"
>
Then everyone shouted "Sailor Planet Attack!"
>
Sailor Moon changed into Princess Serenity, Tuxedo Mask turned into Prince
>Darien, and
Harry turned into Prince Harry of the Moon Kingdom! (Ha Harry!) They all
>pelted Molly
and Scott with such a force that they disintegrated into dust, never to be
>seen or heard of
again.
>
"All right! Wait till I tell Ron-"
>
"Harry! You must not tell anyone about your identity at all! Do you understand?"
>
"Whatever Mrs. Norris."
>
"Harry, Hermione has kept her identity a secret since her third year!"
>
"What? I just thought it was the time turner!"

>

>
After Harry, Ginny, Lee and Hermione became themselves, they brought all the
>rest of the
Sailor Senshi to the Great Hall for a feast. They made the announcement that
>Molly and
Melvin were gone forever. Draco's jaw almost fell off at the of Sailor Moon
>and Sailor
Venus on person. He had a small shrine in the panel in the back of his closet
>for both
Sailor scouts. Sailor Venus just glared at him and sat down next to Ron
>Weasley at the
Gryffindor Table. All the scouts sat at the Gryffindor Table.
>
Epilogue: Harry scored higher than Hermione on his Astrology

exam. Mrs.

>Norris talked
to Harry and Hermione when Ron wasn't around,
telling them all about the Moon

>Kingdom during the Silver Millennium and all about the adventures of
Sailor
Moon and

>the Sailor Senshi. THE END

>Author's note: Yeah, it was dumb. I wrote it for a Mystery Harry
Potter Theater 3000 at: godricshollow.homestead.com

>I suggest you check it out! Oh, It took me a while to figure out
that Sailor Uranus looked like a boy, but was really a girl. That's
why Harry was Uranus. Please Review, even though this was, like so
bad or stupid, or both. <p><p>
